

# SILURIAN STRATIGRAPHY OF ESTONIA 2015

Compiled by Peep Männik, 01.2015, based on the published scheme of Männik (2014): The Silurian System in Estonia. In: Bauert, H., Hints, O., Meidla, T. and Männik, P. (eds). 4th Annual Meeting of IGCP 591, Estonia, 10-19 June 2014. Abstracts and Field Guide. University of Tartu, Tartu. p. 124.

Yellow shading denotes intervals with more reliable correlations, gray marks less certain intervals, and blue corresponds to missing biozones that indicate gaps in the succession.
